Q1. ~~"activity_second.xml"~~ in res layout file

Add code SecondActivity.class and set resource layout file →

package in. cycent; intent types implicit and explicit;

import android.support.v7.app.AppCompatActivity;
import android.os.Bundle;

public class SecondActivity extends AppCompatActivity {

@Override

protected void onCreate(Bundle savedInstanceState) {

super.onCreate(savedInstanceState);

setContentView(R.layout.activity_second);

}

}

MainActivity.class

public class MainActivity extends AppCompatActivity {

@Override

protected void onCreate(Bundle savedInstanceState) {

super.onCreate(savedInstanceState);

setContentView(R.layout.activity_main);

Done

// implicit intent example

```
Button btn_Implicit = (Button) findViewById
    (R.id.button_im);
btn_Implicit.setOnClickListener (new View.OnClickListener() {
    @Override
    public void onClick (View view) {
        String url = "https://google.com";
        // action
        Intent i = new Intent (Intent.ACTION_VIEW);
        // data
        i.setData (Uri.parse (url));
        startActivity (i);
    }
});
```

// Explicit intent example

```
Button btn_Explicit = (Button) findViewById
    (R.id.button_ex);
btn_Explicit.setOnClickListener (new View.OnClickListener() {
    @Override
    public void onClick (View view) {
        Intent intent = new
        Intent (MainActivity.this, SecondActivity.class);
        startActivity (intent);
    }
});
```

@Override

public void onClick (View view) {

Intent intent = new

Intent (MainActivity.this, SecondActivity.class);

startActivity (intent);

}

});

}

}

Answer
